

## MEMORANDUM

**To:** All County Organizers and County Coaches  
**From:** Jim Costa  
**Date:** 9/28/24  
**Re:** Jim's Fast-Track Assembly Method

We had a false start in bringing up our Forum at [FlaRepublic.us](http://FlaRepublic.us) and most members were not able to register. We had it fixed two days later. However I was instructed to not email the members. I suspect that the National is considering a merger with another group and use their assemblies.

I have been following all the news of the Collapse and reset for about 15 years. My free news blog is [Reset.us](http://Reset.us) Everything I know and see tells me the collapse will occur a few days before the November election. If that is the case then Florida must be prepared to Stand Up and cause the Federal Republic to Stand Up.

That leaves us less than a month to get most of the Assemblies up and completing their work in 30 days.

The biggest problem all are having is confusion of how to create an Assembly (Association). Many attempting to restore the Republics or to become a Sovereign believe it must be complicated and done the way someone did it in the 1700s.

There is a lawful Fast-track method to do this. It is done every day in the U.S. Every time a corporation, (Microsoft), a Partnership (Law Firm) or Association (The Lions Club) gets started their attorney draws up the paperwork and files the paperwork to create that entity. They select an appropriate set of By Laws for it and declare the organization's purpose.

When it is all set to open that shell for business, the original stockholder(s) partner(s) or Founder(s) then open the first meeting and Ratify (accept) the work done by the one who pushed the paper. The mere act of accepting (ratifying) the paper means that it is now lawful, even if it wasn't before that meeting.

That meeting is called the "Opening Meeting". Thereafter anyone else joining needs not sign in blood. By merely joining they ratify the opening documents as well.

### **The Fast Track Plan:**

- A) Have from one to four persons hold a meeting of the mind(s) to accept the suggested **Standard By Laws**. Write your County Assembly name on it.
  
- B) Have a meeting of the mind(s) for one to four persons to sign the Bilateral Social Contract Agreement.

Replace the name of the county (in yellow) with your county name.  
Leave Jim Costa's address of 11305 Hwy 87 N, Milton Florida as the Assembly address.  
Or change it.

No one outside of the membership will ever see this contract/List of grievances.

- C) This concludes two thirds of the work required by the Assembly. The final step is to elect or get two volunteers to occupy two seats in the State House of Representatives as Pro Tem (temporary) until the Republics stand up and have elections in 120 days.

My guess is these two delegates will only have one act to do – to vote for Florida to join the Federal Republic For The United States.

The sooner you get the two to represent the county, the better.

The voting can be done in the workers website: [FlaRepublic.US](http://FlaRepublic.US) on your County's Forum.

- F) As the chaos will entice more persons to join to re-Inhabit the Republics, they too will ratify the Opening meeting by merely joining.
- G) The opening meeting can be in one room, the result of several phone calls or a Zoom meeting. The election / volunteering process can be done by email, in the Forum room or in a private meeting room. When I was bring up Assemblies 15 years ago, I reserved free Library meeting rooms under the name of Toast Masters Club.
- H) When you have adopted the two forms, go to the website forum and announce that you volunteered and adopted and now are ready yo select two delegates. Any Volunteers?
