

PROPOSAL
For The Re-Inhabited Republic For Florida
Training Judicial Officers

TO: **Honorable MICHAEL BISHOP**, Governor, Florida
From: Jim Costa
Date: Sept. 5, 2024

The Problem:

How do we train the interim judiciary officers to do their jobs so they can help train their elected replacements?

Facts & Assumptions:

- A) In order to be successful while working in the Judicial field, one must be able to read law, think in terms of legal logic, and have a grounding in historical common law precedents, such as Tort law (law of harm done to another outside of a contract).

This is a learned art form, a language that comes from years of study.

- B) All states have their own rules of Court Procedures covering jurisdiction, evidence, trial processes, etc. Once we return to Common law, a great deal of those procedures will remain in place. It would be in our best interest to salvage those procedures. Current attorneys already hold that knowledge.
- C) The current Judicial system has legal software systems for research, codifying and recording of past and future cases. We need to salvage those systems along with those already proficient in running those systems.
- New Clerk of Courts will be lost without them in performing their duty to publish activity.
- D) There are several areas of law that will not be impacted by or replaced by Common Law, such as Contract, Agency, Maritime as to sea, Probate, Bankruptcy, etc. These will need to be able to proceed smoothly as they are with some adjustments.
- E) It appears that all 1.3 million U.S. attorneys are now, or were, associated with a BAR association, as they are required to be in order to practice law. They all hold a three year PHD in law.

This knowledge cannot be learned in just 3 to 6 months training.

- F) The 1848 Florida Constitution does not place Judicial Officer qualifications on them. See [Article V, Section 12](#) below because if there was a minimum standard, that is where it should be:

“Section 12. The Judges of the Circuit Courts, shall, at the first session of the General Assembly to be holden under this Constitution, be elected for the term of five years, and shall hold their offices for that term, unless sooner removed under the provisions made in this Constitution for removal of Judges by address or impeachment; and at the expiration of five years, the Justices of the Supreme Court and the Judges of the Circuit Courts, shall be elected for the term of and during their good behavior; and for wilful neglect of duty, or other reasonable cause, which shall not be sufficient ground for impeachment, the Governor shall remove any of them, on the address of two-thirds of each House of the General Assembly; provided, however, that the cause or causes shall be stated at length in such address, and entered on the journals of each House; and provided further, that the cause or causes shall be notified to the Judge so intended to be removed, and he shall be admitted to a hearing in his own defense, before any vote for such address shall pass; and in such cases, the vote shall be taken by yeas and nays, and entered on the journals of each House respectively. “

By contrast, below is Article V, Section 8 of the [1965 Florida Constitution](#):

“No person [shall](#) be eligible for office of justice or judge of any [court](#) unless the person is an elector of the state and resides in the territorial [jurisdiction](#) of the [court](#). No justice or judge [shall](#) serve after attaining the age of seventy-five years except upon temporary assignment. No person is eligible for the office of justice of the [supreme court](#) or judge of a [district court](#) of [appeal](#) unless the person is, and has been for the **preceding ten years, a member of the [bar of Florida](#)**. No person is eligible for the office of circuit judge unless the person is, and has been for the **preceding five years, a member of the [bar of Florida](#)**. Unless otherwise provided by general law, no person is eligible for the office of county [court](#) judge unless the person is, and has been for the preceding five years, a member of the [bar](#) of Florida. Unless otherwise provided by general law, a person [shall](#) be eligible for election or appointment to the office of county [court](#) judge in a county having a population of 40,000 or less if the person is a **member in good [standing of the \[bar of Florida\]\(#\)](#)**.”

- G) With 1.3 million careers at risk, surely the BAR associations are currently prepared to rename their organizations and terminate all connections to England and any other Foreign relationships, with members prepared to surrender their titles of “Esquire”.

See: **Jim’s Rant** below this Proposal.

- H) It would be best if public office holders trained in a corrupt system not be allowed to continue as office holders. It is simple if we outlaw anyone in public prior to 2024.
- I) The best recommendation for non-lawyer reading, as well as lawyer reading, is two Hornbook series on Common Law as well as [Torts](#). These are “Black Letter” law based upon precedent, presented as a Restatement, or current law on the subject matter agreed to by all today.
- J) No matter who the new Judicial Officers are, they will have to train for 3 to 6 months at a minimum.
- K) All civilizations live and die by their legal systems. When a legal system stops,

that civilization dies quickly. That is because with a legal system a person/business can take a risk because there is a predictable system to help predict the size of the risk to be taken.

- L) Recent history shows two countries that almost lost themselves during government change over. For nine years after the French Revolution all leaders that stepped forward were beheaded before the country finally settled down.

Then there was Pol Pot who became dictator of Cambodia in 1976. He was determined that educated persons led the country astray and so all that could read or wore glasses were executed. Pot genocided 1/3 of his own population and set his country back a hundred years in the process.

The Plan:

- A) Recognize that persons not trained in law cannot be good judges or law clerks. They just don't have the basic training to perform well.
- B) The Interim Judicial officers can serve best by being spokespersons explaining the Common Law system we are heading into.
- C) The new Constitutions should set minimum qualifications for those positions. They must have legal training of some kind.
- D) Florida might consider former BAR attorneys that have resigned their title.
- E) If "D" above is acceptable then perhaps the Florida Constitution might add a clause stating:

"Current BAR members may not hold public office. However, members of any United States Professional legal associations currently not associated with foreign governments are eligible for public offices, unless they held a public Judicial office prior to 2024."

Costs: Zero

Pros:

This is a compromise that we can live with, perhaps must live with.

This is facing reality. Without a functioning legal system most of society stops movement and progress.

Trump says the economy will turn around immediately. He must see the legal system making a smooth transition to incorporate Common Law.

Cons:

This may be repugnant to some.

Action Requested From The Governor To Recommend:

- 1) Approve or disapprove for forwarding to the Constitutional Committee.
- 2) Or send to County Assemblies for their approval.

Jim's Daily Rant. Forgive Bar Attorneys; Our Hidden 13th Amendment.

Posted 8/13.24

We are just a couple of months away from Bar Attorneys being emotionally destroyed. Why? Because they will have to pay the debts of attorneys that lived 150 years ago. Here is what happened.

During our Civil War, Congress closed but never adjourned when the Southern Congressmen walked out. Lincoln could not legally act without a Congress. So he declared Martial Law and ran the war as a corporation. He was murdered two weeks after the war and before he could abolish the corporation and return to the Constitutional Constitution.

In the meantime, attorneys were making a fortune in legal fees now that the court system changed from Common Law to the more complex Maritime (sea) and Administrative law. Before this, litigants had no need for attorneys but now they did. They were set for life with one exception, the Original Thirteenth Amendment.

The Original 13th Amendment forbade any person with a foreign title given them was not allowed to hold a public office. That was because they were then subjects of a foreign country. Such was the case of Attorneys that were members of the BAR, the [British Accreditation Registry](#). Bar behind their name as is "Sir" in front of an Englishman's name. It means their first loyalty is to the Crown, thus the original 13th Amendment was needed to keep them out of U.S. Government leadership.

But hold on Sports Fans, don't go looking it up in the Constitutional Amendments. The one you will see is the Abolition of Slaves, [enacted December, 1865](#), after the Civil War Ended. Lincoln was dead and this was the move by the Attorneys to keep the Federal Government running as a corporation. They intentionally recorded the new 13th over the old 13th amendment. Trust me, there is ample proof of this.

You can study this for yourself in in [Re-Inhabited: Republic for the United States of America Volume I America's Truthful History \(Re-Inhabited Volume I \(2016\)\)](#)

Here are my thoughts on all of this. We are within about two months of the Corporate Governments collapsing from bankruptcy. Then we will return to the Re-inhabited State and

Federal Republics again, taking us away from the illegal governments we have had since the Civil war. See: [Republic For The United States Of America](#) website.

I feel certain BAR attorneys know that this is possible or probable. When it happens they will renounce their BAR relationship and modify the current American Bar Association to give them something to replace the Term “Esquire”, their British title, with perhaps “ABA” .

Now they no longer have a foreign allegiance as the original 13th Amendment comes back into public view and is reinserted into the Constitution with anew number.The world will be set right but the demand for Administration law will be greatly reduced as we return to Common law and attorneys will seldom be needed there

But here’s the deal folks. In my mind, today's BAR attorneys invested 7 years and perhaps \$300,000 in law school. I am convinced that they were not aware of Downs v Bidwell (1901) SCOTUS, until their final semester and final year in school. That was the case that recognized us as as a corporation and outside of the Constitution. They were probably in a seminar of Administrative or Constitutional Law, when they learned either they were conned and walk out empty handed, or they play along with the con on the U.S. people and keep their mouths shut and themselves out of bankruptcy.

In retrospect, the attorneys were conned just like we all were. They need to be forgiven and set free to re-purpose themselves, just as we will have to re-purpose ourselves.
