- 1) The Governor gets the potential Membership state list from National.
Using EMail merge send an invitation for them to join the new state website and Forum.
See EMail Merge. [Get free add-on for Bulk mailing](#) (bottom of page)

- 2) One person goes to our Forum under your County Name and states:

“I, John Doe, am a resident of this county and volunteer to be it’s County Assembly Organizer.

I also volunteer to be one of the two Delegates needed from this County Assembly to be a member of the Free State Republic For *STATE?* House of Representatives.

If you want to be a member or Volunteer to be a Delegate by emailing me or posting here.

My email address is : XXXXXX

If you want to be a county Judge or County Clerk of Court, send a short Bio to our Governor *Name, email address,* and volunteer for our County.

I now declare this *county’s Name* Assembly is open.”

- 3) Get the National’s list of prospective state members and email an invitation for them to visit the website or email you. Telephone those that gave a phone number.
- 4) If in a hurry then Get your spouse or two buddies to sign up as members.
When there are three of you members, telephone them and elect two Delegates.
Report the meeting on the website and submit their names to the organizer over you.
- 5) Understand that the Delegates are just warm bodies as place holders. There are no expenses or travel. Later as more members join, one might resign giving their seat to someone who wants it bad. Our hope is that some will want training for the office so when the real elections are held in about four months, the Delegates can remain with the County Assembly.

But now they will be fully trained to manage both the county Government and the State Congress.
